## A LOCAL VOICE FOR BURSLEDON & HOUND NORTH

**Standing up for our community.  
Fighting for real results.**

I grew up here. I went to the local secondary school. I live here today.

Like many residents, I can see what is going wrong, and I am determined to fix it.

From worsening NHS access, to overdevelopment, to decisions being pushed through without proper scrutiny, our area is being let down.

**It's time for  
change.  
It's time for  
Reform.**

**BURSLEDON & HOUND NORTH  
on Thursday 7th May 26**

**VOTE: Craig Palmer**

## NHS FAILING LOCAL RESIDENTS

I live with a chronic health condition, so I know first-hand how difficult it has become to get appointments. The merger of Blackthorn Surgery with Hedge End has led to longer waits and reduced access.

*We deserve better local healthcare.*

## CEMEX QUARRY – ENOUGH IS ENOUGH

The proposed quarry will directly impact our community. The Liberal Democrats have had over 10 years to remove the airfield from the minerals plan and failed.

**They say they “oppose” it.**

*But opposing is not the same as stopping.*

*Only Reform will fight the bureaucracy behind this decision and stand up for residents.*

## REFORMING THE COUNCIL – PUTTING POWER BACK WITH THE PUBLIC

*Right now, the system is stacked against residents.*

**Planning decisions are controlled by the same group, and it takes 3 out of 5 councillors just to trigger a wider review.**

*That is not democratic.*

**I will push to change this so just 1 councillor can bring major applications before the full council.**

**That means:**

- ✔ **More transparency**
- ✔ **More accountability**
- ✔ **More power for local people**

**I am not a career politician.**

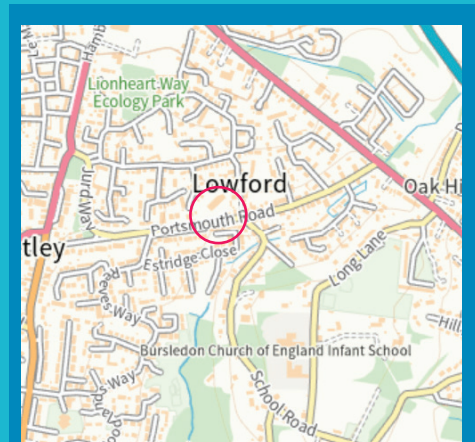

**I am a local resident who wants to see things done properly.**

**I will be visible, accountable, & focused on results.**
