WHAT'S HAPPENING TO

TITCHFIELD?

Residents can see the pressure building:

Traffic at breaking point

A27 and local roads is already at capacity

Overdevelopment

New housing without proper infrastructure

Flooding risk ignored

Drainage issues not being addressed

Village character under threat

Titchfield is being slowly eroded

ONCE IT'S GONE, IT'S GONE

WHAT NEEDS TO CHANGE

- ✓ Development must come with infrastructure
- ✓ Roads and congestion must be addressed properly
- ✓ Green spaces and village identity must be protected
- ✓ Residents must have a real say in decisions

JOSH READ – A LOCAL VOICE FOR TITCHFIELD

I've lived in the Hamble Valley all my life, and I care deeply about this area.

I'm not a career politician – just someone who wants to protect what makes Titchfield special and make decisions that reflect local views.

ONE SIMPLE AIM

Protect what's good, Fix what isn't.
